- **Frameworks:** Dot Net Framework 4.6, Dot Net Core 3.0

- **Web-services:** REST, SOAP

- **Database**: MS SQL SERVER, TSQL, SQ Lite, MySQL

- **Web Technologies:** HTML, XML, JavaScript, JQuery, JSON, Ajax, React Js

- **IDE:** Visual Studio 2008,2010,2015,2017,2019

- **TOOLS:** GIT, SVN

ACADEMIC PROFILE:

Course	Stream	Board/University	Percentage	Year of passing
Post -Graduation	MCA	SRM University	70.05	2014
Graduation	Bsc.IT	Kuvempu University	64.55	2010
Intermediate	Science	J.A.CRanchi	46.88	2007
Matriculation	Science	J.A.CRanchi	61.57	2004

ACHIEVEMENT AND AWARD:

• Worked as event Coordinator and Core Committee Member for the Technical and Cultural fests at college Level.

EXPERIENCE

Chetu	

Position:Software Engineer   **November 2019-Present**

- **WestCoastWound**
  - **My Responsibility –** create project architecture using latest technology Dot net core 3.0 and using Sql server, JQuery and html.
  - I have worked on appointment, dynamic form builder and working encounter work flow as well.

- **MatsonInsurance-HLTR**
  - **My Responsibility –** I was responsible for creating all User Interaction Pages, also we are consuming web api for save the record of user.

- **AlaskExcursionHott**
  - **My Responsibility –** I was responsible for creating user module and dynamic form module. And using MVC technology with Sql Serevr.

EXPERIENCE

Sri Aurobindo Society (SAS).	

Position:Software Engineer   **October 2018-October 2019**

- **Education Intelligence System(EIS)**

- **About Project – Educational Intelligence System** EIS is Innovative Educational software & Teaching suite used by schools & Colleges to increase efficiency of Students to to academic excellence & for cognitive Teaching method. Reduce costs, and improve their management and administration. Our platform is designed to be used by Government Schools of Pondicherry.
- **My Responsibility –** I was responsible for creating User Interaction Pages, Student and Teacher Attendance Report as well as Student and Teacher Attendance Module. Also School Staff Mapping Module.
- **Gate Management System (GMS)**
  - **About Project–**It is Advance version of VMS only Web based application with web service and database, Aim of this project to developed reserved Appointment online or booking so that they can book their appointment from any part of the world. This application takes information from the customers through filling their details. A customer being call on reception fixed appointment for meeting.
  - **My Responsibility -** I was responsible for developing Web based application using C# as programming language with DBML to communicate with SQL.

EXPERIENCE

QTEL COMTECH LTD.	
Position: Software Engineer	**March 2016-October 2018**

- **Bar-coded Boarding Pass Logger(BCBP)**
  - **About Project –** A **boarding pass** is a document provided by an airline during check-in, giving a passenger permission to enter the restricted area of an airport and to board the airplane for a particular flight. At a minimum, it identifies the passenger, the flight number, and the date and scheduled time for departure. In some cases, flyers can check in three or four hours before and then airport area is very crowded. So handled for this situation we create BCBP project that are scan a boarding pass barcode that are show which user are enter or not in airport. and also generate report of all passenger.
  - **My Responsibility –** I was responsible for creating BCBP android application using Xamarin and server side flyers records store and show and generate reports some pages using MVC.

- **QSPrint(JK Paper)** http://jkprint.qtel.in
  - **About Project –** Aim of this project is to develop print on demand. Quick and easy, our personalized print managers cater all your printing needs.Bring your documents in a Pen drive. Share from the cloud or Email and get business quality prints. Enjoy high services at low pay-per-print cost with no hidden charges.
  - **My Responsibility –** I was responsible for Google Drive Integration, Drop Box integration and show all Transaction for ceate Passbook Module , User Module development, backend using C# as programming language and Entity Framework with LINQ to communicate with SQL. Also we create small

android and windows app for JKpaper using Xamarin Cross Platform Development.

- **Queue Management System(QMS)**
  - **About Project –**Queue Management System is developing in web and windows application. It used for manage a queue. QMS most uses in Bank, Restaurant, Cinema Hall etc. The QMS basically used as self service kiosk .user come on kiosk, select services and get Token with unique Token number. Mostly QMS work on FCFS(First come first serve)method but our QMS handle priority of Token like senior citizen ,VIP customers and manager also can set the priority of Token.
  - **My Responsibility-** I am responsible for developing Calendar Module and some other module the backend of using C# as programming language with an Entity Framework and using JavaScript for designing communication flow.

- **Visitor Management System (VMS)**
  - **About Project–**VMS is Windows based and Web based application with web service and database, Aim of this project to developed reserved Appointment online or booking so that they can book their appointment from any part of the world. This application takes information from the customers through filling their details. A customer being call on reception fixed appointment for meeting.
  - **My Responsibility -** I was responsible for developing Web based application using C# as programming language with DBML to communicate with SQL and also we create Checkout android app using Xamarin.

- **Work Management System(WMS)**
  - **About Project –** It is web based application to manage task of all employee. In this application we create or Assign Task, Change Request or To-Do, also implement Hierarchy and giving Score provision in this module .and show all Employee work in Dash Board and so on.
  - **My Responsibility –** I was responsible for developing start to end and backend using C# as programming language and SQL as database.

PERSONAL PROFILE:

Date of Birth	05th October 1989
Father's Name	Prahlad Chourasia
Nationality	Indian
Marital Status	Single
Language Known	English, Hindi

Hobbies	Playing Chess, volleyball
Address	1007,Akash Ganga Appartment , Vashundhara (Ghazibad)

 DECLARATION:

I hereby declare that the above written particulars are true to the best of my knowledge and

belief.

Date:

Place: Vashundhara, Ghaziabad   Krishna Kanhaiya
